Dear Parents/Guardians,

At school we celebrate the efforts of our students by mentioning their participation in school events and their achievements in the school newsletter (Contact). Student photographs and work samples can be included in Contact as well as on our school website. This site can be accessed by all members of the school and general public.

On our school website, there are work samples and images of students, however students are identified only by their first name and year level.

We invite the local press to school events and they are expected to follow school policy on the publication of photographs of students. When a story is about an individual achievement, we will always seek your consent before passing information or photographs to the press for publication. Unless a story features an individual child, only group photos are included with students being identified only by their first name and class.

If you do not want photos of your child or samples of their work included on the school website or in any media forum, please complete the form below and return it to your classroom teacher. If you do not return this form it will be deemed that you have given permission for publication of photos etc. for your child.

If you have any queries relating to this process, please contact the school.

Yours sincerely,

MONIQUE CORCORAN
