

Dear Families,

This year in the Middle School students are expected to read daily at home. Reading aloud and discussing what they read will improve your child's reading accuracy, fluency and comprehension.

Year 3 and 4 students should read for at least 15 and 20 minutes respectively. Reading diaries need to be filled in accurately to reflect students' reading commitment.

Students may access online educational programs being used in the classroom to supplement their Home Learning as they choose. Currently the programs being used are, Sunset Maths (via Essential assessments), Soundwaves and Reading Eggs.

We appreciate your support of our Home Learning expectations. If you have any questions, please contact your classroom teacher. Please remember you can also communicate with classroom teachers via Seesaw.
