

# Green Hat PLANKS - Whole School

## (In-School Visit)

Dear Parents/Carers,

As part of our Term 4 Guided Inquiry Unit - POSSIBILITY, and aligning with our Design and Technologies curriculum, students will be participating in the Green Hat PLANKS in-school visit.

<b>Date:</b>	Friday, 12 November 2021 - Senior School (Years 5 & 6) Thursday, 2 December 2021 - Junior School (Foundation and Years 1 & 2) Friday, 10 December 2021 - Middle School (Years 3 & 4)
<b>About:</b>	PLANKS are dynamic building blocks designed to inspire creative minds. Identical in size and shape, and cut precisely from 100% New Zealand plantation pine, PLANKS are specifically proportioned so that, with the help of gravity and a little imagination, you can build boats, castles, animals and robots... or even a spiralling staircase to the moon. Totally inclusive, PLANKS encourage a wonderful mix of creativity and skill, social development and imagination.
<b>Program schedule:</b>	Each year level, with their classroom teachers, will participate in a session with Green Hat educators to design, create and build using Green Hat's PLANKS.
<b>Cost:</b>	\$7.46 via QKR  <i>CSEF &amp; credit options are available to pay for this event. If you are unsure of how to use the CSEF or credit option please contact the office.</i>
<b>Due:</b>	Wednesday, 10 November 2021 @ 4pm  <i>With the timing of the whole school returning to onsite learning and the Operations Guide allowing for in-school events to recommence, we understand the time frame for payment is less than we would usually provide. Please contact the office via <a href="mailto:cranbourne.south.ps@edumail.vic.gov.au">cranbourne.south.ps@edumail.vic.gov.au</a> if you would like to discuss alternative payment arrangements.</i>
