

Sugar Freezies Day

Friday, 26 November 2021

Did someone say Icy-Stix?!

It's been a super hard year for kids and schools and the No Nasties Project would like to make a difference by providing Icy Stix to schools to **turbocharge fundraising** efforts. Sugar Freezies Day is all about raising funds to support our school through purchasing Icy Stix. Icy Stix have ZERO sugar, NO preservatives and nothing artificial, all the YUM without any nasties!

The SCC members collectively decided the funds raised would go towards sensory/fidget items for our classrooms to assist with student engagement. Our fundraising target is \$300 and we hope with your help we can achieve this! For a **gold coin donation**, students can purchase an Icy Stix at school on **Friday, 26 November 2021**. After another difficult year that was thrown at us, we want to reconnect with you all and share some joy. Students are invited to enjoy their Icy Stix as a whole school at our whole school picnic on the oval (weather dependent).
