

## Cystic Fibrosis - Crazy Hair Day

Dear Parents/Guardians,

**Cystic Fibrosis** is a genetic condition affecting one baby born every four days. On **Friday, 24 June 2022** (last day of Term 2), the School Community Council will be holding a **Crazy Hair Day** to support this organisation.

**We ask that all students join in and please make a gold coin donation via QKR for this worthwhile charity.**

All money raised for this day will go towards helping the Cystic Fibrosis Federation in Australia provide vital support to those suffering from Cystic Fibrosis.

We cannot wait to see your creative designs!

Thank you,

**MONIQUE TEMPONE & JESSICA COOK**

School Community Council Team
