

CURRICULUM FRAMEWORK POLICY

Purpose

Cranbourne South Primary School (CSPS) is committed to lifelong learning by providing an inclusive, supportive and nurturing community in which diversity is valued and celebrated. Our innovative curriculum and culture of excellence, creates a stimulating learning environment that engages and challenges students to achieve personal success and make positive contributions to society.

At CSPS our curriculum presents students with the opportunity to develop deep understandings on a range of concepts throughout their school lives. Our broad curriculum is planned and taught sequentially and allows students to have voice and agency in aspects of their learning. It is designed to develop thinking and social skills, foster engagement with the wider community and include the use of a wide variety of technology to assist in student learning.

Overview

The Victorian Curriculum F-10 provides the framework for curriculum development for Foundation – Year 10. It is structured as a learning continuum that enables teachers to identify the student’s current levels of achievement and then deliver teaching and learning programs that support the progression of learning. The curriculum integrates the ‘Towards Foundation Level Victorian Curriculum’ directly into the curriculum and is referred to as ‘Levels A to D’.

The Victorian Curriculum F–10 includes eight learning areas and four capabilities. The curriculum achievement standards are provided in 11 levels for English and Mathematics and in five or six bands for all the other learning areas and capabilities. Achievement standards are provided in four levels (Levels A to D) for students with additional learning needs or a disability.

Curriculum covers all the arrangements CSPS makes for students’ development and learning. It includes the course content, student activities, teaching approaches, the way in which teachers and classes are organised and decisions on the need for and the use of facilities and resources. An overview of our whole school approach can be found in the CSPS Instructional Model. CSPS encourages its students to strive for excellence in all of their endeavours. To achieve this, CSPS provides sequential teaching and learning programs that deliver a comprehensive, broadly based and culturally inclusive curriculum.

Each year CSPS will map out its curriculum. This will be in the form of a Yearly Overview, identification of Priority Standards, detailed Scope and Sequence plans and a Viable Guaranteed Curriculum Plan.

CSPS will meet the minimum standard with:

- a viable guaranteed Curriculum Plan which can also show time allocation per week
- an explanation of how and when curriculum and teaching practice will be reviewed (statement is at 2.4 of this Guide)

- an outline of how the school will deliver its curriculum is found in the scope and sequence documents, in teacher examples of weekly overviews and in Professional Learning Team planning documentation examples
- a time allocation for each of the eight learning areas, incorporating the 4 capabilities
- a documented strategy to improve student learning outcomes (statement is at 3.0 of this policy)

Aims

CSPS is committed to implement a dynamic curriculum program that:

- is outcome focussed
- is engaging and relevant and enables students to develop deep levels of knowledge, processes and skills for life-long learning
- is differentiated in approaches to teaching that cater for the needs of students with a range of interests, abilities, skills, and motivation
- provides opportunities for students to think, reflect and become independent, resourceful and adaptable learners
- enables students to interact with other students and the wider community
- is compliant with Department of Education and Training (DET) policies and based on the Victorian Curriculum

Implementation

1. CURRICULUM GUIDELINES

CSPS will recognise and respond to diverse student needs when developing its curriculum programs and curriculum plan. CSPS will comply with all DET guidelines about the length of student instruction time required in Victorian schools.

2. PROGRAM

2.1 Program Development

CSPS will provide a variety of programs that will address the specific needs of students in relation to gender, special learning needs, disabilities and impairments, intervention and enrichment and students from language backgrounds other than English.

CSPS will identify and cater for the different needs of particular cohorts of students when developing its curriculum plan which includes priority cohorts from Out of Home Care, Koorie students and other at risk students. In developing its curriculum plan CSPS will provide a broad range of educational pathways to ensure improved student outcomes.

CSPS will implement the Framework for Improving Student Outcomes (FISO) Inquiry Cycle, a model for continuous school improvement. Target areas are identified in the school's Annual Implementation Plan.

Key components include:

- Evaluate and diagnose

- Prioritise and set goals
- Develop a plan
- Implement and monitor

Monitoring will occur linked to AIP goals and targets regularly against Improvement Cycle Action Plans developed each term.

The Victorian Curriculum (VC) will be used as a framework for curriculum development and delivery at Foundation to Year 10 in accordance with DET policy and Victorian Curriculum and Assessment Authority (VCAA) guidelines.

In developing its Curriculum Plan, CSPA will provide at least 25 hours of student instruction per week.

2.2 Program Implementation

CSPA will determine the curriculum program for the following year, based on provision needs and departmental policy requirements. Input will be sought from the relevant staff in the curriculum area when determining programs for the following school year. CSPA follows whole school Curriculum Approaches in Mathematics & English. Delivery in classrooms is through a whole school Instructional Model. Overviews of our whole school approaches are available in our School Documents.

The DET requirements related to the teaching of Languages, Physical and Sports Education, and New Arrivals Program / English as an Additional Language (EAL) will continue to be implemented.

The use of Information and Communications Technologies (ICT) will be integrated across the curriculum to support the improvement of teaching and learning outcomes and adheres to DET's School Policy & Advisory Guide 'Using Digital Technologies to Support Learning and Teaching'.

2.3 Student Wellbeing and Learning

A summary of Engagement & well-being approaches can be found in the CSPA Wellbeing Google Drive. CSPA will embed student wellbeing in all learning experiences by aligning student welfare and curriculum policies and creating an educational environment and curriculum that is inclusive and meaningful to all students by:

- providing an integrated and comprehensive curriculum approach that incorporates the personal and social issues of students into their daily learning experience
- accommodating student developmental needs within the Victorian Curriculum

2.3.1 Students with Disabilities

The Department of Education and Training and CSPA is committed to delivering an inclusive education system that ensures all students, including students with disabilities, have access to a quality education that meets their diverse needs. CSPA will liaise with DET to provide suitable programs and resources to support the delivery of high quality schooling for students with disabilities.

2.3.2 Koorie Education

CSPA is committed to providing culturally appropriate and inclusive programs to Koorie students through:

- working in partnership with the Koorie community to develop an understanding of Koorie culture and the interpersonal relationship with the Koorie community, for example (Koorie Education Support Officer) KESO
- supporting the development of high expectations and individualised learning for Koorie students through the Marrung Plan
- creating an environment that respects, recognises and celebrates cultural identity through practice and curriculum
- implementing initiatives and programs that meet student needs and in partnership with the Koorie community

2.4 Curriculum and Teaching Practice Review

CSPS curriculum will be audited on a yearly basis to ensure currency with the Victorian Curriculum. Curriculum audits and review will inform future curriculum planning and implementation. CSPS leadership team will oversee teacher practice and work to create a culture of learning, collaboration and continuous improvement. Giving and receiving productive feedback will be a key component of teaching practice improvement. Teams will be asked to review Yearly Overviews and Priority Standards and scope and sequence at the end of each year.

All staff will participate in the staff performance and development process in which goals are aligned with the school's Annual Implementation Plan and the Australian Institute of Teaching and School Leadership (AITSL) standards.

CSPS will utilise DET policy and guidelines, online resources, internal and external expertise, professional learning, mentoring, coaching, and peer observation to support staff to continually improve their method and practice of teaching.

3. STUDENT LEARNING OUTCOMES

CSPS Strategic Plan will set out the school's direction, goals, targets and key strategies for improvement. The school's Annual Implementation Plan will outline incremental stages of the Strategic Plan implementation, monitoring and evaluation, broken down into 12 month targets. An Annual Report will provide the community with information about the school's performance in implementing improvement strategies and how resources have been used.

3.1 Data collection

Data plays a key part in the ongoing school improvement process. CSPS will continuously monitor student outcomes using a variety of formative and summative assessment strategies and tools that include: (eg. NAPLAN, English Online Interview, Mathematics Online Interview, Essential Assessment, PAT-R, DAL, Dibels, Moderation & Common Assessment Tasks)

3.2 Data analysis

All teaching staff will implement the school's assessment schedule. A variety of approaches will then be used to analyse data at an individual, group, cohort and/or school level.

CSPS will collectively track whole school data, cohort and/or individual data, and identify potential teaching and learning areas that require further focus. PLT teams work through improvement cycles, beginning with 'evaluate and diagnose' analysing macro data (e.g. PAT, Essential Assessment) using a data protocol. From the discussion, focus high impact teaching strategies (HITS) are selected to target the learning needs of students based on the data analysis.

Using data, PLT teams 'prioritise and set goals' using a SMART goal (Specific, Measurable, Achievable, Relevant, and Time-Bound). PLT's continually monitor teaching practice and student evidence of learning throughout the 'implement and monitor' phase. Goals are measured at the end of each cycle to determine and celebrate growth in teaching and student learning outcomes. The use of improvement cycles will inform curriculum planning in the follow up planning session each week to plan tasks that are relevant and personalised to meet student needs.

Data will also be used to determine student support options including those at risk, developing an Individual Education Plan, provision of extra teaching support and/or referral for further assessments.

3.3 Data and Achievement

Reporting Data will be reported in different ways according to the audience.

- For students: Feedback will be given about current learning and areas for future learning. This will be done through student/teacher conferences, Seesaw, strategy groups and setting learning goals.
- For staff: Both informal and formal data will be used to inform planning and teaching on both a short and long term basis. Trend data will also provide relevant information about the school's continuous improvement journey.
- For parents: Student reports and Student led conferences will provide an opportunity for teachers to provide feedback regarding student achievement. Learning Task work samples will provide parents with ongoing feedback on their child's learning each term.
- For community: Student learning outcomes data will be reported in the Annual Report to the School Community provided to the DET.

Communication

This policy will be communicated to our school community in the following ways:

- Available publicly on our school's website
- Reminders in iNewsletters and Compass
- Included in staff induction processes
- Included in staff handbook
- Included in transition and enrolment packs
- Made available in hard copy from school administration upon request

Help for non-English speakers

If you need help to understand the information in this policy please contact CSPS office personnel and/or Principal class.
