

**WORLD
WILDLIFE DAY**
3 MARCH

World Wildlife Day 2023

World Wildlife Day will be celebrated in 2023 under the theme "Partnerships for wildlife conservation", honoring the people who are making a difference. World Wildlife Day celebrates 50 years promoting various partnerships.

As a school community, we urge you to get involved and spread the word, especially to children and youth. They are the future leaders of wildlife conservation and they deserve a future where we humans live in harmony with wildlife that share the planet with us.

Students can support this day by coming to school on **Friday, 3 March** dressed as any form of wildlife (animals or plants) and by making a **donation via QKR**.

The funds raised will be donated to the Royal Botanical Gardens - Cranbourne, in support of the movement to sustain all life on earth, along with vital water conservation and biodiversity research.

We look forward to seeing your creative outfits!
