

LEARNING TASKS

Rationale

Cranbourne South Primary School is committed to providing each child with every opportunity to learn and succeed. Ongoing assessment and reporting is the way CSPA continuously tracks, monitors, and reports to parents. This ensures that families are regularly updated and involved in their child's learning and school life. We believe that student learning is strengthened through greater parental involvement. Teachers develop Learning Tasks together to ensure consistency across the school.

Purpose

- Learning Tasks provides 'real-time "raw" snapshots of learning so that families are able to monitor their child's learning progress across a variety of curriculum areas.
- Learning tasks is an activity that is conducted in class, providing teachers with assessment data to inform teaching.
- Learning Tasks will be linked to the overall Student Report each Semester. It is anticipated that this will ensure that families receive no surprises in the Semester 1 and 2 Reports.
