

Medical Information Form – Camps and Overseas Excursions

The Department of Education requires the information requested in this form for all students participating in camps and overseas excursions, to plan for and support the health care needs of students.

This form is to be completed by a parent/carer prior to their child going on a camp (overnight excursion) or overseas excursion. The information provided must be current at the time of the camp or overseas excursion. Parents/carers will also receive detailed information about the excursion/program prior to participation and be provided with a parent consent form. Any questions about excursions will be answered by the school.

First Aid and Medical Assistance

If there is a situation or incident which requires first aid to be administered to a student, school staff will administer first aid that is reasonably necessary and appropriate to their level of training. School staff will also seek emergency medical attention for a student if it is considered reasonably necessary. In the event that a student needs medical attention during the camp or overseas excursion, school staff will contact their parent/carer as soon as practically possible.

Parents/carers are responsible for all medical costs if a student becomes ill or injured on a school approved excursion unless it is found that the illness or injury was caused by the Department of Education failing to discharge its duty of care. For camps, parents/carers can purchase student accident insurance cover from a commercial insurer if they wish to. Department policy requires schools to ensure families obtain insurance for all overseas excursions, the school will provide further information.

Privacy Statement

The personal and health information collected in this form, and attachments, will be managed securely and accessed only by staff and volunteers, on a need-to-know basis, and in accordance with the Department of Education Schools' Privacy Policy which applies to all government schools (available at: <http://www.education.vic.gov.au/Pages/schoolsprivacypolicy.aspx>) and the law. In the event of a medical emergency, information will be provided, as required, to emergency services and medical practitioners.
